

CT15

B35 Versions

Extractable recovery tank

The recovery tank can be removed easily without tools to help the operations of emptying and to have easy access to internal components.

Great Productivity

Scrubs in difficult to reach areas

Solution control with automatic stop (solenoid valve)

Brush control with automatic "delayed" stop

High Performance

Solution distribution from brush center

High quality and performance vacuum motor

Ergonomics, User Friendly

Great manoeuvrability thanks to an optimum weight distribution

Easy to transport

Extractable recovery tank

Battery level indicator

Technical Data CT15 BT 35 ECS	+ Battery + Battery Charger	Product Code: LPTB02510
Scrubbing width	mm	350
Brush/Pad speed rotation	g/m	600
Solution tank capacity	l	16
Recovery tank capacity	l	19
Average water consumption	l/min	0.2
Power supply with energy saver		24V
Max speed	km/h	3.5
Empty weight	kg	59
Dimensions (LxWxH)	mm	740x394x535

Scrubbers

CT15 B35 Versions

Low Maintenance Costs

Side brush replacement without tools

Squeegee blade can be used on 4 sides before replacement

Easy access to motor compartment

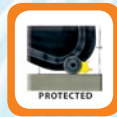

Robust Construction

High density polyethylene tank

Oil bath reduction gear box

Brush head designed to absorb harsh impact

Squeegee system designed to absorb harsh impact

Panel control switches protected

Intuitive control panel

The control panel, easy and intuitive, allowing you to operate the brush, suction and delivery of water.

Height-adjustable handlebar

You can adjust the handlebar height during work operations to facilitate the steps in less accessible areas.
