

464/664

Great Productivity

Huge hopper capacity

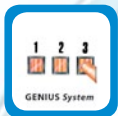

Large sweeping path

Extensive filtering surface

High Performance

Preprogram working settings

SLS (Self Levelling System) automatic main brush pressure control

Main brush special "V" shape design

Dust micro filtration

Dust flap for large debris collection

Patented

Technical Data		464	664
		Product Code: MSUT00649	Product Code: MSUT00651
Sweeping width with side brush	mm	625	825
Sweeping width with main brush	mm	460	600
Waste hopper volume	l	35	45
Filtering Surface	m ²	1	1
Productivity	m ² /h	2000	2600
Power Supply		Battery 12V	Battery 12V
Battery charger feeding	V	230	230
Weight(net)	Kg	38	41
Dimensions (LxWxH)	mm	1033x615x994	1033x815x994

Sweepers

464/664

Ergonomics, User Friendly

Easy to transport

Easy to use control panel

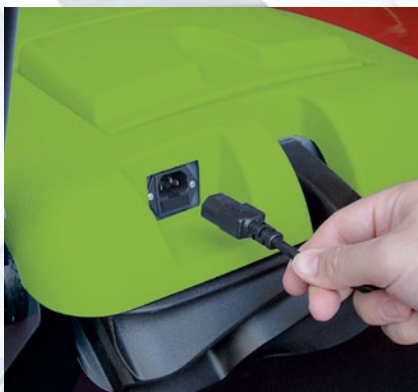

Adjustable handlebar

Battery level indicator

On board battery charger

External battery charge plug
Charging cable stowed on top cover.

Low Maintenance Costs

Self cleaning filter system

Dust filter replacement without tools

Main brush replacement without tools

Side brush replacement without tools

Robust Construction

Heavy duty chassis in fully coated steel

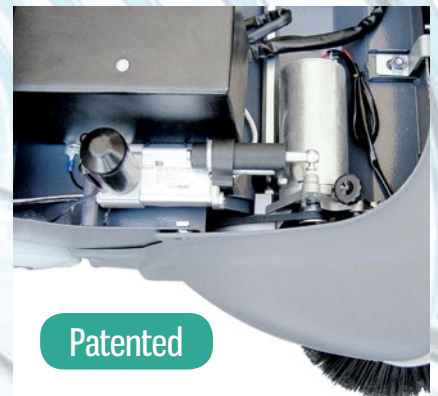

Maximum protection against impact

Pre-programmed working settings

2 independent programs allow best settings for all types of applications. Filter shaker can be operated at any time. Each program can be fully personalized.

Patented

SLS (Self Levelling System)
automatic brush pressure control

System that adapts immediately the brush thanks to a special shock absorber. The system allows the brush:

- to immediately and constantly follow all types of surfaces
- to self adjust brush pressure until the brush is completely worn out.
